Crescent moon, blessed eyes.

Last night I saw the most beautiful crescent moon I have ever seen in my whole life.

It was low in the cloudless starry sky in the west & was a very rich yellow colour.

(which reminds me of Goethe's · Goethe's

Would that I could remember it forever

You blessed eyes, whatever you have seen, be it as it may,
it was really so beautiful!
Ihr glücklichen Augen, was je ihr gesehn, es sei wie es wolle,
es war doch so schön!

Notes night (° day) ' last night ° yesterday
crescent (L 2-d shape indicator) most more (less) superlative
ever ~ bird, free time indicator
cloudless without non-, a-, -less,
starry stars affixed to a generic thing
rich (have x thing a lot contains much little poor)
would will if (conditional indicator)
could can remember (forget lose gain)
forever (~ = free, ever) future
you, Ihr (I haven't figured out ids for ~~German~~ all German pronouns
this could be "du" too — inadequate)
glücklich holy, halo happy "blessed" does not catch the meaning
of glücklich very well but does!)
though, doch ("really" in the translation I used) but

Ids work very well for the German, the main discrepancies
being in the loose translation.
