

二 二二二, 一一一

Short Diary Entry, Long Notes

12/30/18

二二二 - 一一一 - 二二二

Maybe thanks to ids I have the potential to get my concepts in better order than anyone else.

(二二二) 二二二 - 一一一

(This is because) they give me greater consciousness of the relationships among ideas.

二二二 an 二二二, 二二二 Vester, 二二二 二二二, 二二二 BH (二二二)

Yesterday I watched an alien abduction video, I think by Vester, that was quite good and a little disturbing. Like the Betty + Barney Hill movie (the UFO Incident), it seemed like something the government would produce:

二二二 - 二二二 - 二二二

It had the quality of a government propaganda piece, something that someone put a lot of expertise into and a lot of money and care.

二二二 a 二二二 Grant Cameron - 二二二 二二二

I also saw a video by G.C. that presented stimulating plausible ideas.
