TIDBITS

Guess

DOUBT, BULBOUS, REVOLUTIONARY

WEAKNESS, STRENGTH, OVERLAP, MESH, ACCURATE, revolutionary

DOUBT think probably not most (the preponderance of) (= most people are stupid)

guess choose – to choose mentally on the basis of what seems most...

guess – on the basis of not knowing (black box)

bulbous light bulb A A bubous nose was his most salient characteristic. adjective indicator

flip new old

revolutionary

(X thin) weakness (weak strength strong

These capture the senses "a weakness" + "a strength".

  weakness strength. IDs increase mental strength.

(a They add a whole new dimension of mental substance.

 overlap   so simple, so obvious

 extent extend (if a matter of internal degree some)

 mesh

oops accurate ( ) target → arrow inaccurate (miss)

revolutionary new old flip new fresh

As for bulbous + overlap above, while both obvious + trivial, by establishing IDs for these concepts they become more definite + fixed + solid in the mind. Before , "bulbous" might have evoked vaguely "big + rounded". Now it evokes a definite clear shape tied to my rich experience with lightbulbs. It is enriching. ( )

 into (en-) contain full overfull, abundant

variety of things
