pattern - as an etymid (etymology-based ideogram)

Latin pater - father & structure

<sup>m</sup> (1 3-d - 2 space 1 room)

But, I am very happy to have escaped from the etymology, at least with the id:

<sup>m</sup>  
↑

pattern & structure m times, repetition, m again n time  
(not to be confused with nm (plowed) ground) (occurrence)

"escape" is a good example of escape from etymid

<sup>m</sup>  
↑

out (ex- e-)

<sup>m</sup>  
↑

bird, free (in freedom)

where is the "cape"? <sup>m</sup> <sup>m</sup>

I don't use it anymore.
